**H.R. 2140**

**An act to improve protection and management of the Chattahoochee  
River National Recreation Area in the state of Georgia**

*As cleared by the Congress on November 19, 1999*

H.R. 2140 would expand the boundaries of the Chattahoochee River National Recreation Area by about 3,200 acres. The act would allow the National Park Service (NPS) to accept donations of funds or real property from state or local agencies or nonprofit organizations that are involved in current efforts to protect land around the recreation area. This provision could increase governmental receipts, but CBO estimates that amounts collected would be small and would be offset by additional spending.

The CBO staff contact is Deborah Reis. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
